The Host Institution reserves the right to reject the candidates based on the artistic evaluation of the portfolio.

Grading system

It is standard practice within the Danish arts education not to have implemented the academic BA/MA systems as well as the ECTS system. This is due to a widespread belief among institutions of artistic learning in Scandinavia that the basis of artistic education should lie within simulating professional artistic studio practice instead of adopting a university structure for artistic training. However, 30 credits are the equivalent of a full semester of study at Funen Art Academy. A transcript of records will be issued by the host institution no later than 5 weeks after the assessment period has finished stating that the student has obtained 30 ECTS per semester.
